

Official Visual Identity Reference

~~~~~

## Primary Brand Color

- MomDom Blue — #2EC4E6

Primary background color used across branding, app visuals, and key materials.

## Neutral Palette

- Grey — #DCE4E9
- Dark Grey — #A4ACBC
- Navy — #0B2A33
- White — #FFFFFF
- Black — #000000

## Usage Guidance

- Blue anchors the brand.
- Neutrals support clarity and calm.
- White space is intentional and should be preserved.
- Avoid heavy or overly saturated color combinations.

~~~~~\*

These colors are fixed brand elements and should remain consistent.

- Soft Lavender — #B9A6E3
- Gentle Sage — #9FD3B0
- Blush Rose — #F2A7B5

Rules

- Do not alter hue or saturation.
- Maintain soft, airy feeling.
- Use together as a set whenever possible.

Brand Fonts

Primary Display Font

Playfair Display

Used for:

- Main headings
- Feature titles
- Brand-forward statements
- Elegant emphasis moments

Primary Supporting Font

Inter

Used for:

- Body text
- App interface copy
- Supporting descriptions
- Lists and functional information

~~~~~\*

## Typography Guidelines

## Hierarchy

- Main Heading » Playfair Display (larger size)
- Section Headings » Playfair Display (medium size)
- Body Copy » Inter (clean and readable)

## Style Direction

- Calm, clean spacing
- Clear readability over decoration
- Minimal visual clutter
- Elegant but grounded

**Visual Philosophy**

MomDom's visual identity should feel:

- Calm
- Supportive
- Airy
- Organized
- Warm

Design choices should reduce visual noise and create emotional breathing room.
